<b>5</b>	<b>President's Message</b>	<b>Gillian Boyd</b>
	<ul style="list-style-type: none"><li>• I hope you are really enjoying this beautiful Autumn weather. It is so nice to be outside without being overwhelmed by the humidity and just enjoying the sunshine. I have been in Canberra in the last week and the autumn colours are starting to really unfold. It is lovely.</li><li>• The Garden Club trip to Melbourne in late March was a huge success. I have had glowing reports from members who went along. The visit to Cruden Farm, the home and garden of Sir Keith and Dame Elisabeth Murdoch was definitely the highlight. The group wanted to share their experience to share their Cruden Farm experience and bought the book for the library. You can borrow it today or have a look through it at Morning Tea. As usual Debbie Kendall did an amazing job organising the trip and, on behalf of all members, I would like to thank her for her huge effort.</li><li>• We have also enjoyed some wonderful garden visits this month. Firstly to Janey George's ad hoc Open Garden at Lake Conjola. Janey's garden is full of surprises with interesting plants and sculptures in a peaceful bushland setting. We then had the pleasure of visiting Sue Smith's garden in Burrill Lake for Morning Tea. Sue's garden is in a tranquil setting on a point in the lake with the lake almost lapping the back boundary of Sue's block. Sue's garden is chock filled with interesting plants and features a rustic pergola and intriguing garden decorations.</li><li>• If anyone would like to host an Ad hoc Open Garden in their</li></ul>	

	<p>garden, please let Debbie know. Ad hoc Open Gardens are a little less formal than Morning Teas and you can specify the day and time range that you would like people to drop by for a visit only ie no morning tea.</p> <ul style="list-style-type: none"> <li>● In early April the Propagation Group enjoyed a visit to Rowan Brownette's garden in Martins Ridge Road at Conjola. We were so busy admiring the garden and collecting cuttings we did not have time to pot them up. And some advice – if Rowan offers you some of his fruitcake, have a piece. It is very good. This month the Group is off to the Verdigris Fern Nursery to learn about propagating ferns.</li> <li>● The committee is investigating a few ideas for community projects but it would be good to receive more suggestions. Please let a committee member know or send an email if you have any ideas.</li> <li>● AND don't forget to submit your tried and tested garden hints or advice to the 2019 Shirley Smith Award. Ann will give more information about this later in the meeting.</li> <li>● AND also don't forget membership renewal was due on 31 March. If you have not paid your \$30 this year (or \$55 for couples), you are actually not a member and therefore unable to attend Garden Club activities.</li> <li>● Also, for your diary, Val Tranter's farewell is on Thursday 9 May. More details in the Activities Report. It will be fun but sad to say goodbye to such a vital member of our garden club.</li> </ul>

<b>9</b>	<b>Health and Welfare Report</b>	<b>Sue McMahon</b>
	<p>Bev Endicott, Sue McMahon and Cheryl Fibbins all in hospital at the same time (could almost have been a mini garden club meeting) are now recovering from knee and hip operations. Heather Steadman has undergone a heart bypass to clear a blockage which may well have contributed to the problems with her leg, hopefully now she will be on the mend. Joii Harris, who broke her pelvis at the Melbourne Show, is now home and we have sent her a card. Anne Joy who has had heart problems is to be fitted with a pacemaker, we will send her a card.</p>	
<b>10</b>	<b>Member in Focus</b>	<b>Gill Pisani</b>
	<p>Gill moved to Ulladulla from Melbourne three years ago. Gill had experience setting up gardens in four previous houses all new, the house she bought in Ulladulla had an established garden. Gill needed to learn all about a new climate with its attendant bugs not so prevalent down South! Gill had many photos of the before and after transformation of her garden, she replaced many plants and cleared over-planted beds and her husband maintains the vegetable patch. Gill keeps a sustainable garden by composting and shredding, nothing is thrown away. A very interesting introduction to her garden with great photos.</p>	
<b>11</b>	<b>Librarian's Report</b>	<b>Elvina James</b>
	<p>Reminder, next Wildflower Reserve walk is Wednesday May 1st at 10.00am. Mothers' Day is Sunday 12th May.
